

IOT Watson Platform

Team ID: PNT2022TMID10157

Step1: log in your registered id

Step 2: click catalog where you find the services and internet of thing you can select and make location as London

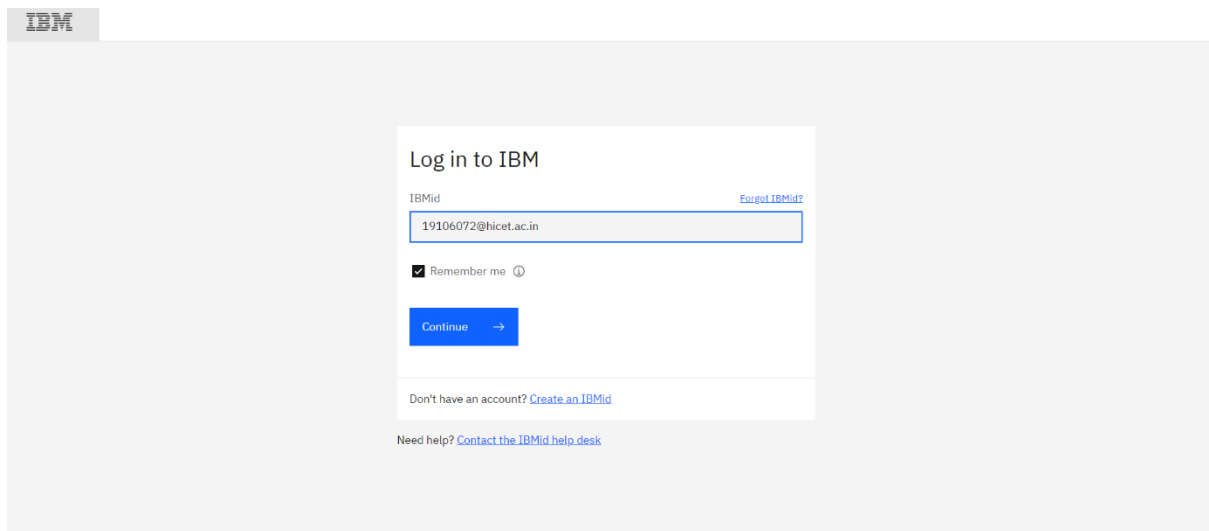

Step 3: click create and the launch tab get open, then click launch

The screenshot shows the IBM Watson IoT Platform console. The top navigation bar includes 'Resource list /', 'Internet of Things Platform-u3', 'Active' status, 'Add tags', 'Details', and an 'Actions...' dropdown. The left sidebar has 'Manage', 'Plan', and 'Connections' tabs. The main content area features a 'Let's get started with IBM Watson IoT Platform' section with a 'Launch' button and a 'Docs' button. Below this is the 'IBM Watson IoT Platform Journey' section, which includes three stages: 'Lite' (Free), 'Non-Production' (Starts at \$500 per month), and 'Production' (Includes IBM Service & Support).

Step 4: It redirect you to IBM WATSON platform where you need to click sign in

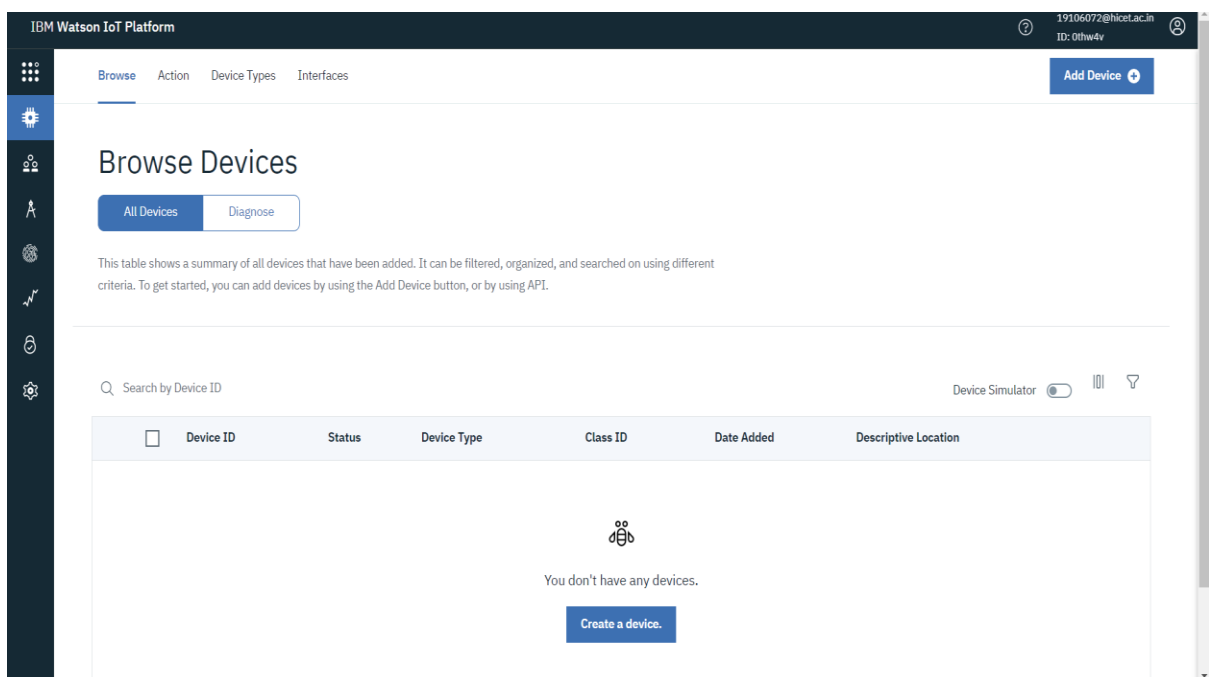

The screenshot shows the IBM Watson IoT Platform landing page. The top navigation bar includes 'IBM Watson IoT Platform', a help icon, and a 'Sign in' button. The main content area features a large 'Things' title, a 'Collect data from' section with a cloud icon, and a 'and make value from it' section with a person icon. A 'Learn More' link is at the bottom.

Step 5: you need to log in IBM ID

The image shows the IBM Watson IoT Platform login interface. At the top left is the IBM logo. The main heading is "Log in to IBM". Below it, the label "IBMid" is followed by a text input field containing the email "19106072@hinet.ac.in". A link "Forgot IBMID?" is to the right of the input field. Below the input field is a checkbox labeled "Remember me" with an information icon. A blue "Continue" button with a right arrow is below the checkbox. At the bottom, there is a link "Don't have an account? Create an IBMID" and a link "Need help? Contact the IBMID help desk".

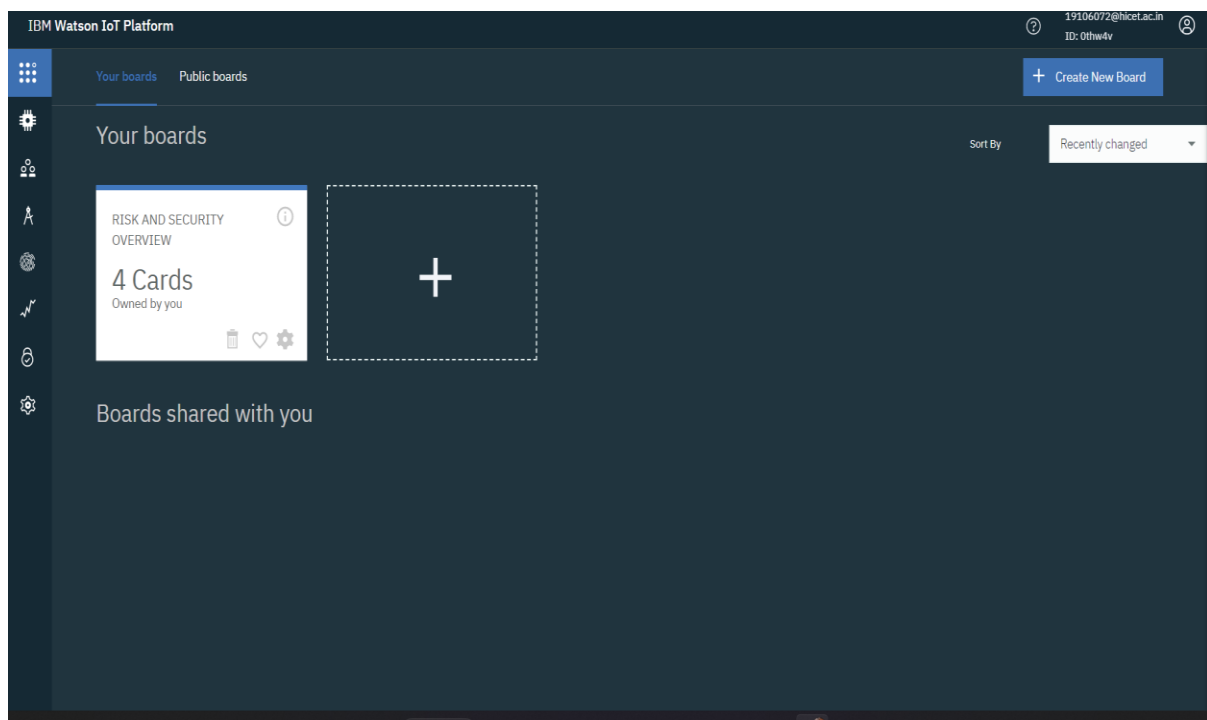

Step 6: where you find this tab which is used to add device , app, member ,usage , security can be worked

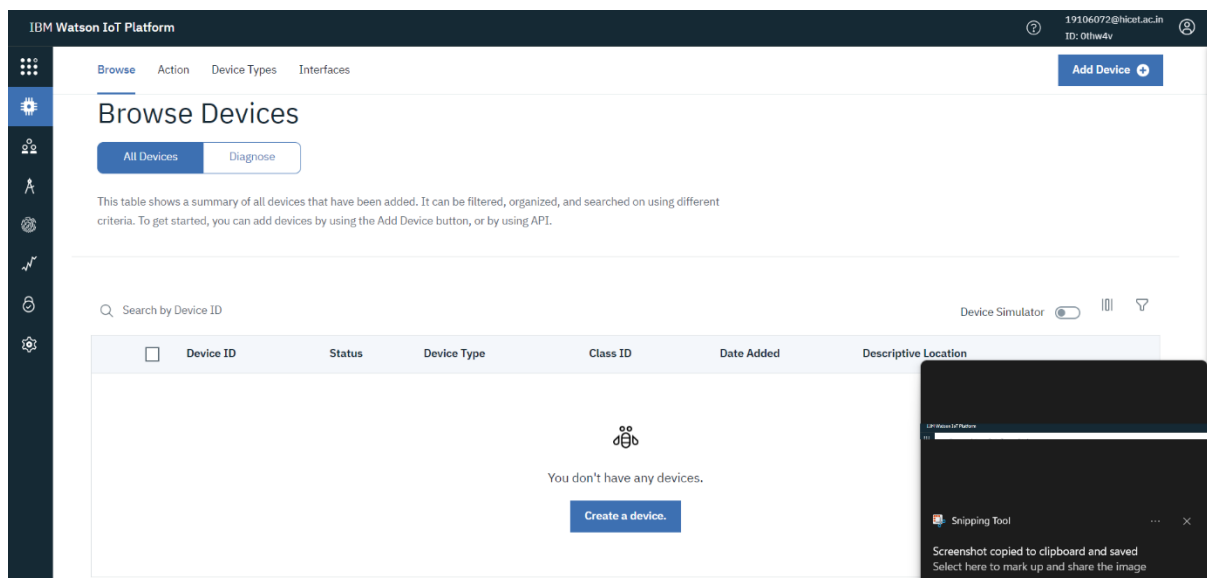

The image shows the "Browse Devices" page in the IBM Watson IoT Platform. The top navigation bar includes "Browse", "Action", "Device Types", and "Interfaces". A blue "Add Device" button is in the top right. The left sidebar contains various icons. The main heading is "Browse Devices". Below it are two tabs: "All Devices" (selected) and "Diagnose". A paragraph explains that the table shows a summary of all devices and can be filtered, organized, and searched. Below this is a search bar "Search by Device ID" and a "Device Simulator" toggle. A table with columns "Device ID", "Status", "Device Type", "Class ID", "Date Added", and "Descriptive Location" is shown. The table is empty, and a message "You don't have any devices." is displayed with a "Create a device." button.

Device ID	Status	Device Type	Class ID	Date Added	Descriptive Location
-----------	--------	-------------	----------	------------	----------------------

Step 7: check boards for risk and security overview card , it uses for graphical representation boards

Step 8: after clicking create a new device / add device you can choose an device type and device id and complete the following information to create a device

Step 9: created a device of nodemcu

IBM Watson IoT Platform

19106072@hiet.ac.in

Device Credentials

You registered your device to the organization. Add these credentials to the device to connect it to the platform. After the device is connected, you can navigate to view connection and event details.

Organization ID	0thw4v
Device Type	NodeMCU
Device ID	12345
Authentication Method	use-token-auth
Authentication Token	mohan@24

⚠

Authentication tokens are non-recoverable. If you misplace this token, you will need to re-register the device to generate a new authentication token.
